

U.S. DEPARTMENT OF ENERGY

EVALUATING ALTERNATIVES

As Required By U.S. and Ohio EPA

We **MUST...**

- Protect human health and the environment
- Follow State and Federal laws

...while **COMPARING**

- How long the remedy will last
- Likelihood of success
- Reduction of hazards
- How much it costs
- How long it takes
- Risks such as transportation accidents
- Impact on natural resources
- Impacts to society and economy

...and **CONSIDERING**

- Community acceptance
- State acceptance

**OUR SITE.
OUR FUTURE.**
